

MVD DEALER TRAINING SEMINARS (DTS)

Last updated 2-7-2006

The Motor Vehicle Division regularly presents FREE training seminars to dealers to educate the licensee body about the rules and regulations that govern their business. All dealers, prospective dealers, taxing authorities, law enforcement personnel, auction personnel, or other persons interested in learning more about the laws governing the motor vehicle industry are encouraged to attend.

Each day long seminar includes topics on the law of advertising, selling, and financing of motor vehicles. Every year different locations are selected for seminar sites. Below is a schedule of the locations selected at this time. Flyers are sent to all dealers in the area of the location. If you do not get a flyer, you may still attend. Participants are encouraged to make reservations early as seats fill up fast. Call our toll free number 800-687-7846 to register or email your registration request to jmurdock@dot.state.tx.us. Be sure to include the location of the seminar you want to attend, a contact name with phone and fax numbers, your DBA, P-Number, mailing address and names of the people that will be attending.

2006 Locations
